Morphological Rules — Hmwrk

1.

What would be the lexical entries of the following Hebrew morphemes (using the formalism of the morpheme-based theory)?

כתב√

אי- (as in אי־סדר, אי־הבנה, etc.)

־ות (as in ילדות [ignore the phonological change], בלשנות, etc.

טוב

־נו (as in שרנו, אכלנו, etc.)

2.

Formulate the morphological rules according to the word-based approach (i.e. as a correspondence between word-schemas) for each of the following pairs of words (each standing for a large set of such pairs).

בגלל – בגללי

סדר – אי־סדר

עצוב – עצובה

בחור – בחורצ׳ יק

3.

Formulate the word-based morphological rule for each of the six sets of words in Exercise 1 of Chapter 3 (p. 55) in the second edition of the textbook; Exercise 3 of Chapter 2 (pp. 37–38) in the first edition.
